

## ***Financial Information***

We deliver the finest care at the most reasonable cost to our patients, therefore payment is due at the time service is rendered. We will submit claims for you so that your insurance company may reimburse you directly. If we participate with your insurance company we will ask for your co-payment only at the time of service. We will then submit a claim to your insurance carrier for payment on the balance of your account. **Because we can only estimate what your insurance will cover you may have a balance remaining after payment is received from them.** At that time we will forward a statement to you for any outstanding balance. Your prompt remittance is appreciated.

At Great Lakes Oral & Maxillofacial Surgery we make every effort to provide you with the finest surgical care and the most convenient financial options. To accomplish this we work hand in hand with you to maximize your insurance reimbursement for covered procedures. If you have any problems or questions please ask our staff. They are well informed and up-to-date. They can be reached by phone at 519-979-7227. Please call if you have any questions or concerns regarding your initial visit. Please provide us with your insurance information prior to your appointment as this will allow us time to determine participation and benefit information. This will allow us to help you process any claims and expedite reimbursement.

Please remember although we are extending a courtesy by filing your insurance claims for you, **you are fully responsible for all fees charged by this office regardless of your insurance coverage.**
